Inward Opening First access door	(None of these Grilles are suitable for a door that swings inward when you first unlock or lock up. The only option may a Steel Mesh Screen)					

A basic guide to product comparisons can be found above. Ultimately our expert will present any options available when we visit to quote.

* An electrician can install a Magnetic lock with an exit button making this compliant (depending on specific fire requirements)

** Colour choice is within the Dulux Powder coat colour range.

*** Outdoors is possible if there is no other option but this is not always recommended in terms of security level.
